# APPLICATIONS

SOLTECH solar signage lighting FOCUS has an all-in-one design and comes complete with a self-contained solar power assembly sized to run the specified solar light fixture. Install FOCUS at businesses, stores, schools and community signs. FOCUS will bring security and sustainability, with no electric bill and low maintenance costs.

## DESCRIPTION

FOCUS features an all-in-one design. The solar panel and battery are built with the hinged LED module as one complete system. There is no need for an extra power source, which eliminates the need for trenching, wiring, and electricity costs. Ideal for signage, billboards, landscaping, and architectural features. The fixtures will turn on at night, automatically, staying at 100% power for 4 hours (highest activity period) and then they dim down to 25%, for the rest of the night. FOCUS will bring security and sustainability with no electric bill and low maintenance costs.

#### SPECIFICATION FEATURES

#### **Generates More Solar Energy**

- Crystalline Solar Panel with 45 degree tilted angle design. Produces double the energy compared to horizontal panels
- Built-in tempered glass solar panel, designed to offer self-cleaning operation between rainy and sunny days

#### Adjustable LED Module Design

- The hinged LED module with solar panel is adjustable to aim at the target object
- The solar panel blocks most glare for observer eye comfort

## Longer Life

- LED life 50000 hours
- Easy to change modular battery pack for further extend product life
- Integrated Smart controller provides true dusk to dawn operation, with first 4-hours at full brightness, followed by 25% until dawn

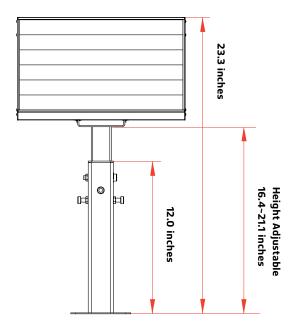

## Heavy Duty and Flexible Base Design

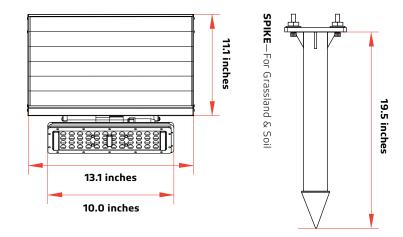

• A commercial-grade steel base adjusts the height of the telescopic mount to ensure the fixture is at the right illumination height

# INSTALLATION

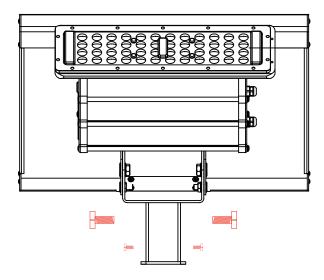

01

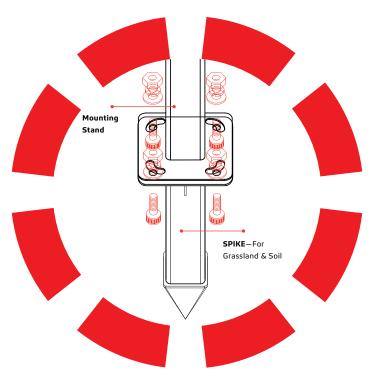

### Secure Mounting

For signage near the ground, the FOCUS can use a drill installation into concrete, to create a secure, tightly bolted fixture.

For Grassland & Soil If you want to install the FOCUS on grassland and soil, you need **SPIKE** accessory.

- 1.Attach the **SPIKE** to the **Mounting Stand** and secure with four screws.
- 2. Press it into the grassland or soil.

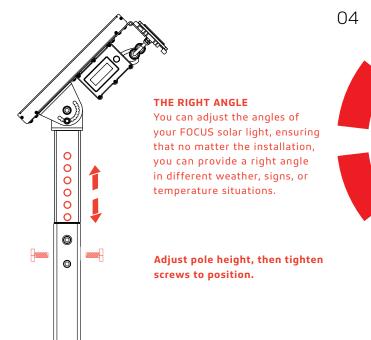

The FOCUS packaging does not include the spike, please place order separately.
